Pricing News

Standard and Black Cat fireworks have increased their prices by up to £20.00 per firework and a number of suppliers have closed. This is not good news.

Forest Fireworks will endeavour to keep the prices low and sell below the recommended retail price by offering a discount where possible, give us a call for an update. In addition we will continue (despite the cost of petrol going up) to deliver free* to the door or wedding venue so give us a call.

If we do not appear to stock what you want, please ask Wendy our secretary and we will do our best to keep you a happy customer.

This year we will be trying out some new fireworks from Brothers so watch our web site for more news.
