

## FOREST FIREWORKS LIMITED Issue 14 volume 5

## NEWSLETTER Summer 2009

Wendy & Mike hope that all there past customers who have operator fired displays have had contact with Solihull Fireworks.

### END OF AN ERA

With the dive of Stirling against the dollar it looks like it will be more expensive to buy fireworks this year. Standard and Black Cat fireworks have increased their prices by up to £20.00 per firework and a number of companies have closed. This is not good news. Forest Fireworks will endeavour to keep the prices low and sell below the recommended retail price. We will still deliver to the door or wedding venue so give us a call. If we do not appear to stock something you want ask us first and we will do our best to keep you a happy customer.

### Charity work

Forest Fireworks Sponsored the "Nostalgia day" at the Tramway Inn in Stratford upon Avon. The charity helped is called Warwickshire Reminiscence Action Project. The charity trains people in Reminiscence Therapy so they can work more effectively with older people. The event made £805.50. Stratford new Mayor opened the event.

Part of the day was devoted to re-building a 1930's Luton Bi Plane. Plus lots of classic cars on show. See below.
